

413 KING WILLIAM STREET DEVELOPMENT

Adelaide,
South Australia

JPE has developed a concept for a new 5 Star Green Star office accommodation located between the emerging corporate precinct of Adelaide and the southern parklands.

The building comprises of 14 office levels, plus plant room and is completed at high level by minimalistic inset box structures with outdoor eco gardens overlooking the city and surrounding parklands.

It provides 3 levels of onsite basement car parking with direct access to offices, 64 secure bike spaces with shower facilities and is located within close proximity to public transport.
